

October 1 2021 - September 30 2022

Central Florida Cluster Initiative  
*Cenfluence*

Cenfluence the Central Florida Cluster Initiative applies an internationally recognized framework to ignite Central Florida’s innovation ecosystem. Supported by Orange County Government and the Florida High Tech Corridor Cenfluence was launched to diversify an economy historically driven by tourism and spark recovery following the COVID-19 pandemic.

## STRATEGIC PILLARS

We cultivate collaboration among businesses and support organizations in four industry clusters with the potential for significant growth.

### BUSINESS SUPPORT

Provide targeted business services to support growth

### VISIBILITY

Build international awareness and alliances

### COLLABORATION

Realize industry-specific opportunities

### INNOVATION

Foster innovation between facilitators of innovation and industry

### RESEARCH + DEVELOPMENT

Establish new opportunities for collaborative R&D

## 4 INDUSTRY CLUSTERS

Energy + Environmental Sciences

Gaming, Entertainment + eSports

Learning Sciences + Human Performance

Life Sciences

**102** CLUSTER MEMBERS

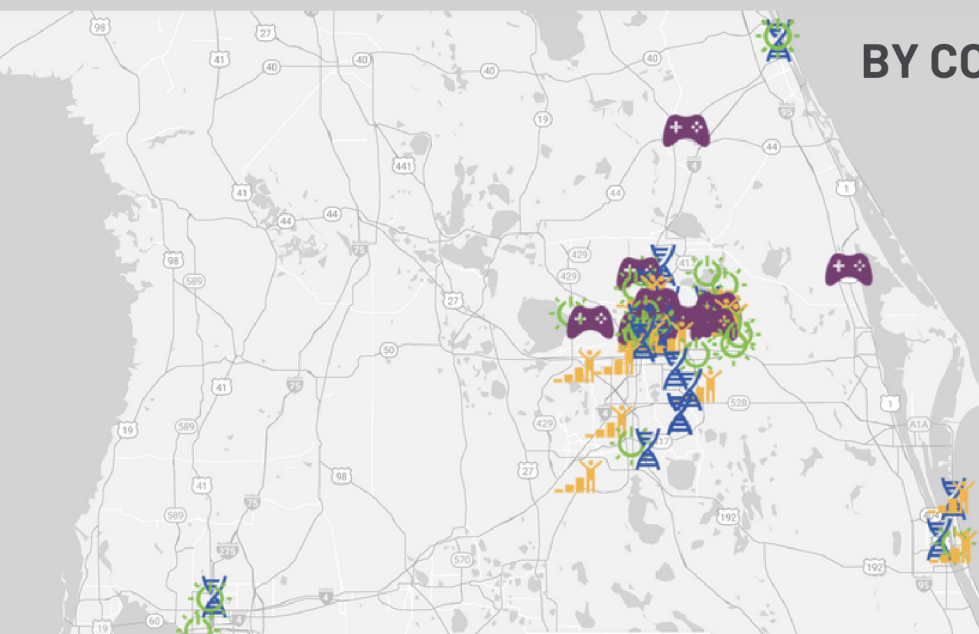

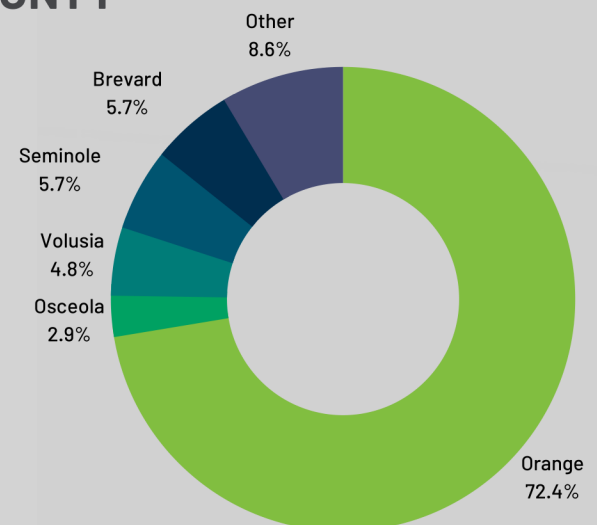

## CLUSTER MEMBER IMPACTS

**2755+**  
Full Time Jobs

**286**  
Part Time Jobs

**40%**  
Woman or  
Minority-Owned

## BY COUNTY

# CENFLUENCE IMPACTS

# REGIONAL IMPACTS

## Established Additional Funding From Outside Florida:

- Federal and State Technology Partnership Program: \$625,000 over 5 years
- U.S. Economic Development Administration – Build Back Better Regional Challenge: \$1.9 million in Semiconductor Cluster Services over 4 years (in collaboration with the Orlando Economic Partnership)

## 2023 Funding Targets to Further Expand Capabilities:

- National Science Foundation – Regional Innovation Engines
- Department of Energy – Energy Program for Innovation Clusters (EPIC)
- Small Business Administration – Growth Accelerator Fund Competition
